New Project- Sales CRM App Inbox x

Debasish Sinha | LNSEL <debasish@lnsel.net>

to me, Mahesh

Mon, Jan 4, 3:31 PM

Dear Atanu,

We have received a new project from one of our existing client - Glaucus Agrochem.

The client deals with FMCG products like phenyl, floor cleaner, washing powder and other agrochem products. They have many distributors in which their salesman visits daily. To track these salesman, particularly the total distance travelled by them a day, Glaucus has finalised to take our Sales CRM App.

The project is divided in **2 steps**-

Step 1- Install the Rochak Web and App (in as-is condition after cleaning the db) in their server by Tuesday or Wednesday. They will start using the software to enter their master data and also their salesman will get a feel of the software.

The client has also bought a domain and 5GB hosting from us. The domain will be www.glaucus.co.in. I am sending a request to Farzana madam to book the domain today.

So you can go ahead and map the domain & server and install a fresh copy of the applications and share it with the client at the earliest.

Step 2- We need to work on the customisations as requested by the client. PFA the project proposal document. We have a month to complete these customisation and to deliver the final product to the client.

Client Name- Glaucus Agrochem

Contact Person 1- Sariful Islam (Owner)

Email- glaucusaquatech@gmail.com

Mobile- 7797107007

Contact Person 2- Tarun Chakraborty (Manager)

Mobile- 9101023021

Please start the project and give me a call if you have any queries.

--

Best regards,

Debasish Sinha
